## Project Feature List

- Consolidate Ordering into One Platform – No longer switching between screens or spreadsheets trying to figure out what to order.
- Measure Inventory Effectiveness Vs. Industry Standards – Measure your inventory effectiveness to become more profitable.
- Realtime Inventory Tracking – No longer looking 30 days back. Can look real time what your inventory position is.
- Spot trends and reduce or increase inventory to accommodate.
- Minimize interest expense by turning inventory quickly.
- Familiar user interface similar to other e-commerce sites.

## Web-based system only requires a modern web browser.
